Profile report

We are honored to have with us Muhammed Shayiz K P, a dynamic and accomplished individual who has significantly contributed to the fields of Computer Science and Engineering. With a strong educational foundation and extensive practical experience, Muhammed Shayiz K P has emerged as a leading figure in the industry.

Muhammed Shayiz K P completed a Bachelor's degree in Computer Science and Engineering from P. A College of Engineering, Mangalore, India. Later, he pursued his passion for knowledge and skill development, leading to various educational milestones. He holds a comprehensive understanding of Machine Learning, Embedded Systems, Web Development, and Database Management, which has been demonstrated through his exceptional academic journey.

Throughout his academic career, Muhammed Shayiz K P exhibited exceptional talent in crafting innovative solutions. His final year project, "Am The Eye," is a prime example of his dedication to creating technology that makes a positive impact on society. This project, funded by the Karnataka Government, KSCST, and VTU, highlights Muhammed Shayiz K P's commitment to leveraging technology to assist visually impaired individuals in using smartphones seamlessly.

He worked as a Software Engineer at Webileapps, Hyderabad, Muhammed Shayiz K P handles a pivotal project's backend for none other than the Securities and Exchange Board of India (SEBI), also worked on various fintech projects. His expertise in the realm of software engineering is clearly showcased through his responsibilities in this esteemed project, where precision and reliability are paramount. He also collaborated with Mecwin Technologies to build a IoT project to control the solar pump using web and mobile application with MQTT.

Apart from his academic achievements, Muhammed Shayiz K P has taken an active role in various organizations. He is the co-founder and developer at Dream Skill where he developed automatic sanitizer dispenser named Lupe and holds leadership positions in Embed Club and GLUG, where he has fostered a community of passionate learners and enthusiasts. His dedication to shaping the future of technology is truly commendable and inspiring.

Muhammed Shayiz K P's proficiency in various technologies, including Machine Learning, Deep Learning, AI, Python, IOT, Embedded Systems, and more, reflects his dedication to continuous learning and staying abreast of the latest industry trends.
